9TH CONGRESS OF THE CHINESE ASSOCIATION OF ORTHOPAEDIC SURGEONS

MASTER TECHNIQUES IN SPINE SURGERY

PARTI Center, Huashan Hospital, Fudan University, Shanghai, China
Chengdu International Exhibition and Convention Center (CIECC)

CHENGDU SHANGHAI CHINA
MAY 20, 2016

Demonstrate Your Most Innovative Spine System to over 30,000 Surgeons
Dear Colleagues,

We cordially invite you to participate in the Master Techniques in Spine Surgery Workshop, May 20, 2016 at PARTI Center, Huashan Hospital, Fudan University and Chengdu International Exhibition and Convention Center (CIECC) located in Shanghai and Chengdu, China respectively. The workshop will be held in conjunction with the 9th Congress of the Chinese Association of Orthopaedic Surgeons.

Jointly planned by The North American Spine Society, Chinese Association of Orthopedic Surgeons and the Chinese Medical Doctor Association we’ve created a program which offers six 1-hour live technique demonstrations, two 3-hour hands-on cadaveric workshops and lectures with discussion. The full-day program focuses on presenting the latest surgical techniques and technologies in a unique surgical environment. With corporate participation limited to six companies you have the opportunity to expand your presence in China.

We have developed an exceptional program that will feature:
• Full-day cadaveric workshops with up to 100 surgeons and 30,000 online
• Workshops showcasing the latest technology with detailed presentations, videos and demonstrations
• Expert faculty, knowledgeable product managers and specialists will demonstrate the latest techniques
• In-depth panel discussions on new technologies and techniques in spine surgery
• Case-based sessions with expert panels to discuss the impact of spinal complications within various patient types
• Presentations from experts outlining advances in research, topical and controversial subjects

Email brepsold@spine.org or call 630-230-3638 to reserve a workstation today!

Sincerely,

The Course Chairman

Jianyuan Jiang, MD  Yong Hai, MD, PhD  Jeffrey C. Wang, MD  Yong Qiu, MD

Showcase your product to the largest medical market in the world.
