General Meeting Rules

All exhibitors must adhere to the following rules and regulations and other rules and regulations that may be promulgated by the North American Spine Society (NASS), all of which are incorporated by reference as part of all exhibit space rental agreements.

1. Interpretation of Rules
NASS shall have full power in the interpretation and enforcement of rules and regulations governing exhibitors. Issues and questions not covered by the regulations shall be subject to the final judgment and decision of NASS. NASS may amend these rules and regulations at any time, and the amendments so made shall be binding upon the exhibitor equally with these rules and regulations, and shall become a part thereof, providing the exhibitor is notified of the amendments. Notice may be verbal or in writing, before or during the 2020 Annual Meeting, and may be given to any authorized agent or representative of the exhibitor.

2. Purpose of Exhibits
The North American Spine Society, a nonprofit scientific and educational association, sponsors the NASS Annual Meeting. The purpose of the technical exhibits, an integral part of the Society’s educational activity, is to complement the professional meetings and clinical sessions by enabling registrants to evaluate the latest developments in equipment, supplies and services that are relevant to spine care. NASS does not in any manner endorse any of the products or services related to the exhibits that have been accepted for display and sale during the Annual Meeting.

3. Eligibility to Exhibit
The Technical Exhibition is designed for the display, demonstration, and sale of products and services relating to the practice and advancement of the art and science of spine care and the professional education and support of the members of NASS. NASS reserves the right to refuse space to any company who has failed to meet prior financial commitments to NASS, or whose products or services, in the opinion of NASS, do not meet the educational, scientific, or practice needs of NASS members. NASS reserves the right to limit the number of exhibitors in a given product or service category.

4. Insurance and Liability—Certificate of Insurance Requirement
Exhibitors shall be fully responsible for any claims, liabilities, losses, damages or expenses of whatever kind and nature relating to or arising from an injury to any person, or loss of or damage to property where such injury, loss or damage is incident to, arises out of, or is in any way connected with the exhibitor’s participation in the exhibition. Exhibitors shall protect, indemnify, hold harmless and defend NASS, its officers, directors, agents, members and employees against all such claims, liabilities, losses, damages and expenses, including reasonable attorney’s fees and cost of litigation, provided that the foregoing shall not apply to injury, loss, or damage caused by or resulting from the negligence of NASS, its officers, directors, agents or employees.

A Certificate of Insurance is to be submitted to NASS by August 3. Exhibitors should maintain general public liability insurance against claims of personal injury, death or property damage incident to, arising out of, or in any way connected with their participation in the exhibition, in the amount of not less than one million dollars ($1,000,000) for personal injury, death or property damage in any one occurrence. Such insurance should include coverage of the indemnification obligations of exhibitors under the policy and procedures and should cover NASS as an additionally named insured.

The COI should indicate the policy will be in effect over all installation and dismantling dates, October 2 through October 11, 2020.

The COI is necessary even if the exhibitor is using an Exhibit Appointed Contractor (EAC) to provide booth services. Guidelines for EAC insurance requirements will be included in the Exhibitor Service Kit.

Each exhibit company is responsible for obtaining, for its protection and at its expense, such property insurance for its exhibit and display materials as the exhibitor deems appropriate. Any policy providing such property insurance must contain an express waiver by the exhibitor’s insurance company of any right of subrogation as to any claims against NASS. Its officers, directors, agents, members or employees. The exhibitor further waives any claim against the North American Spine Society and its agents, employees, representatives, successors and assigns, arising out of the oral or written publication of any statement made in connection with the Annual Meeting by anyone not an employee of NASS concerning the exhibitor or their exhibit.

If any part of the exhibit hall is destroyed or damaged, preventing NASS from permitting an exhibitor to occupy assigned space during part or all of the exhibition, or in the event occupation of assigned space during part or all of the exhibition is prevented by strikes, Acts of God, national emergency or other causes beyond the control of NASS, exhibitors will be charged for space during the period it was or could have been occupied; and exhibitors hereby waive any claims against NASS, its directors, officers, agents, members or employees for losses or damages that may arise in consequence of such inability to occupy assigned space, its sole claim against NASS being a refund of rent paid for the period it was prevented from using the space.

5. Space Selection/Priority Points
The priority point application deadline is April 14, 2020. Applications for exhibit space must be submitted online. Include three preferred booth locations. Companies will not be limited to these booths and can change their booth preference (based on availability) at the time of the selection appointment.
Space is selected via an online booth assignment process. This will allow you to select your booth from those available in real time. Space selection will take place the week of May 11, 2020.

Your appointment time, determined by priority points, will be sent to you via e-mail on April 24 with more detailed instructions on the process. For companies with the same number of priority points, the appointment time will be based on the date of receipt of the application. (Applications received after April 10 will be assigned as they are received after the initial booth assignment.)

Appointment times cannot be changed or rescheduled. If a company is unable to make the appointment, NASS will select the booth based on the locations listed on the application. If those booths are not available, NASS will assign the best available booth.

**Priority Points**

Priority points are awarded by past participation based on booth size at a rate of one point per 10’x10’ space and the number of consecutive years of participation in the previous five NASS Annual Meetings. Companies that have merged with, been purchased by, or have purchased another company may use the exhibit history from either company, whichever is more favorable, but not the combined history of both companies. Priority points are nontransferable and may not be used by parent or subsidiary companies. A loss of priority points can occur should a company violate the NASS rules as outlined in rule #67.

Submission of an application does not guarantee space availability, nor does it guarantee size or location.

**6. Booth Payments**

All exhibit space rents for $39.50 per net square foot. Premium fees apply to corner booths $300 and island booths $2000.

A 100% deposit must be received before the application can be processed and space assigned. Payments may be by credit card, by check or wire transfer. Credit card payments may be completed online during the application submission process.

Check payment is requested for booth fees over $25,000. Checks payable to NASS in US Funds may be mailed to: NASS 2020 – Exhibits, North American Spine Society, 7075 Veterans Blvd., Burr Ridge, IL 60527.

Contact NASS exhibit staff or wire transfer or ACH payment details.

Check or wire transfers must be received within 10 days of application submission or reserved space will be released. The premium fee $300 for corner booth space will be invoiced in mid-May after the booth selection process. It does not have to be included at the time the Booth Application is submitted. No company will be allowed to take possession of booth space unless full payment for exhibit space is received.

**7. Space Relocation**

NASS reserves the right to relocate an exhibitor at any time with the understanding that if the exhibitor does not agree with such relocation to the extent that the exhibitor cannot participate in the Annual Meeting, the deposit and/ or full payment for exhibit space will be fully refunded. NASS reserves the right to change the exhibit floor plan if conflicts arise regarding space requests or conditions that are beyond the control of NASS. NASS reserves the right to relocate exhibitors demonstrating loud apparatus, conducting odor producing activities, or engaging in any other activity NASS deems, in its sole discretion, to be a nuisance or distraction to others, to an area where the noise, aroma, or activity will not interfere with other exhibits.

**8. Subletting of Space**

The subletting, assignment or apportionment of the whole or any part of an exhibitor’s space by the exhibitor is prohibited. Exhibitors may not advertise or display goods in their exhibit other than those manufactured or sold by them in the regular course of business. Should any subletting be found both the lessor and lessee shall be asked to vacate their space immediately, lose all priority points for that year.

**9. Cancellations or Reductions in Space**

Cancellation of exhibit space must be made to NASS in writing. Notify ctomala@spine.org. Full refund of fees paid through April 14, 2020. A refund, minus a 50% cancellation fee, will be made if the cancellation is received by May 30, 2020. Any company canceling after May 30, 2020, will pay a 100% penalty. Canceling companies may not cede exhibition space to other companies; exhibit space is the property of NASS, is non-transferable and available space will be assigned according to the wait list process. All reductions in space require the approval of NASS and may result in space reassignment.

Cancellation of space waives the privileges granted to exhibiting companies, ie, registration lists, exhibitor badges, etc. The cancellation fee may not be used to defray the cost of new orders such as Commercial Business Interest badges. Space reduction is considered a cancellation of space and will follow the rules and deadlines noted above. The number of complimentary badges will be modified to meet the revised booth size.

In the event that the 35th Annual Meeting is cancelled, shortened or moved because of circumstances beyond NASS’ control, including but not limited to acts of God, labor disputes, acts or threats of war, acts or threatened acts of terrorism, natural disaster, unavailability of the San Diego Convention Center, or any other event which would make it impractical for more than 25% of the registered attendees to attend, NASS reserves the right - in its sole discretion – to cancel its agreement with Exhibitor. In such an event, Exhibitor expressly waives any claims it may have against NASS, including, but not limited to, any damages for fees paid by the Exhibitor for exhibit space or other terms in connection with its exhibit space or other items in connection with its planned appearance at NASS 2020.

Companies may not sublet per rule 8; should any subletting be found both the lessor and lessee shall be asked to vacate their space immediately and lose all priority points for that year. Canceling companies may not cede exhibition space to other companies; exhibit space is the property of NASS, is non-transferable and will be assigned according to the wait list. In all cases, the decision of NASS shall be final and binding on all parties.

**10. Wait List**

In the event that NASS runs out of available exhibition space, a wait list will be formed. The wait list will be operated on a first-come, first-served basis, based on time/ date receipt of application, regardless of size requested, priority points, past participation, contributions or relationships to other companies.

28. Inline Booths
The backwall height of inline booths must not exceed 8’ in height unless located along the hall perimeter—such booths may be 12’ in height. Display material must be arranged in such a manner as not to obstruct sight lines of neighboring exhibitors. The maximum side height of 8’ is allowed only 5’ forward from the back wall of the booth space, with a 4’ side height restriction imposed on all materials in the remaining space forward to the aisles. When three of more linear booths are used in combination as a single exhibit space, the 4’ side height restriction is applied only to that portion of exhibit space which is within 10’ of an adjoining booth. Hanging signs are not permitted above a linear booth. All lighted or electronic booth fixtures are required to be powered using electricity ordered through the in house electrical vendor.

29. Island Booths
An island exhibit is an open area of exhibit space with aisles on all four sides. Island exhibits may occupy 100% of the rental space, but must provide access to the booth from all four aisles. A 50% see-through effect on that portion of the booth from the floor up to 8’ in height is required so as not to totally obstruct booths located on any side of the island. There is a 25’ height limit. Conference rooms or office enclosures must be constructed of materials that provide at minimum partial see-through visibility or light penetration.

All lighted or electronic booth fixtures are required to be powered using electricity ordered through the in house electrical vendor.

Important: Booth rendering for island booths (single story and multi-story) must be submitted to the NASS Exhibit Manager for design approval by August 14, 2020. A form will be included in the Service Kit with details.

Drawings should include all display components including hanging signs, with their dimensions. If the design is not submitted and the construction is determined to be in violation of the above restrictions, NASS has the right to prohibit assembly of the booth, or to order disassembly when and if a violation becomes apparent. To avoid potential issue on site, a floor plan should be submitted for review.

In addition, you must meet the City of San Diego guidelines for two story booth and covered areas, including the design and use of:

All exposed parts of displays must be finished so as to present an attractive appearance when viewed from the aisles or from adjoining exhibits. The exposed portions may be draped at the exhibitor’s expense. All tables used in an exhibit space must be skirted. No pins, tacks or adhesives of any kind may be attached to the convention center structure including walls or columns. Two-story booths will be permitted in exhibit space that is 600 sq. feet or larger. All guidelines that apply to island exhibits (see rule 30) also apply to multi-level booths including the height limit of 25’.

The convention center has extensive regulations regarding multistory booths. Please go to www.sandiego.gov/fire/services/permits/events for more details.

Certain booths may require Fire Watch personnel, smoke detection devices, fire extinguishers, multiple exits, etc., as required by Fire Prevention Officials.

Forward this information to your Exhibitor Appointed Contractor (EAC) or other third party, if applicable.

Important: A booth rendering for multi-story island booths must be submitted to the NASS Exhibit Manager for design approval by August 14, 2020.

Vehicles and other motorized equipment that are brought into the facility must be approved by NASS. 65. Advertising at NASS Contracted Venues—Marketing-Free Areas
NASS considers the San Diego Convention Center facilities and the hotels within the NASS block to be industry neutral for the duration of NASS 2020. All marketing at the convention center and the hotels within the NASS block will take place within a company’s contracted booth space or as specified by the terms of a defined NASS advertising opportunity or sponsorship. NASS considers the surrounding sidewalks and public fixtures to be contiguous with the Convention Center and the hotels within the NASS block and therefore to be free from advertising. This includes but is not limited to: sidewalk advertisements, sandwich boards, Segways or carts bearing advertising, posters, “footprints” and pamphlet distributors.
