Endoscopic Spine Surgery  
7:00-8:45 am  
Faculty: Michael Y. Wang, MD

**Agenda**

7:00–7:10 am  Overview of Endoscopic Spine Surgery  
7:10–8:40 am  Technique Demo: Lumbar Endoscopic Decompression and Interbody Fusion  
8:40–8:45 am  Discussion and Questions

MIS Tubular Decompression  
8:45-10:30 am  
Faculty: John C. Liu, MD

**Agenda**

8:45–8:55 am  Overview of Minimally Invasive Tubular Decompression and TLIF  
8:55–10:25 am  Technique Demo: MIS Tubular Decompression and MIS TLIF with Percutaneous Pedicle Screws  
10:25–10:30 am  Discussion and Questions

Minimally Invasive Lateral Interbody Fusion  
10:45 am-12 pm  
Faculty: Juan S. Uribe, MD

**Agenda**

10:30–10:40 am  Overview of Minimally Invasive Lateral Approaches for Interbody Fusion and Corpectomy  
10:40–11:55 am  Technique Demo: Minimally Invasive Transpsoas Lateral Interbody Fusion  
11:55 am–12 pm  Discussion and Questions

Cervicothoracic Osteotomy for Cervical Kyphosis  
1:00-2:45 pm  
Faculty: K. Daniel Riew, MD

**Agenda**

1:00–1:10 pm  Overview of Cervical Deformity and Correction Techniques  
1:10–2:40 pm  Technique Demo: Cervicothoracic Osteotomy for Correction of Cervical Kyphosis  
2:40–2:45 pm  Discussion and Questions

Spinal Deformity Correction  
3:00-5:05 pm  
Faculty: Lawrence G. Lenke, MD

**Agenda**

3:00–3:10 pm  Overview of Osteotomies for Spinal Deformity Correction  
3:10–5:00 pm  Technique Demo: Complex Osteotomy for Spinal Deformity Correction  
5:00–5:15 pm  Discussion and Questions
